### **MATERIAL LIST**

**HOOK:** #14-#16 TMC100 or similar std. dry fly hook

**THREAD:** Olive Veevus 12/0 or similar

**SHUCK / UNDERWING:** Amber or Yellow Z-Lon or Antron Yarn

**BODY:** Olive or Brown Olive Super Fine Dubbing

**WING:** Light Deer Hair (not bleached) (look for a hide that has thin individual hairs)

**LEGS:** (Optional) Micro or Mini Varigated Round Legs - your choice of material & colors.

The Butch Caddis was designed to fish in fast water where visibility is difficult, and also works great for imitating a fluttering adult. The reverse style wing ensures that it floats with the abdomen in the water; however, the wing sits high and is virtually impossible to sink.

**REMEMBER ~ it's perfectly OK to substitute materials for our classes. USE WHAT YOU HAVE & LEARN THE TYING TECHNIQUE.**
